

# UNCRC Rights Respecting School

*May 2024*

## Articles of the Month Cyber Resilience and Internet Safety

We all have a right to feel safe and secure and that means safe online as well as in the real world. At Milngavie we promote safe, responsible and positive use of the internet.

There are a large number of articles that link with being online.

Article 17, Access to information from the media - Every child has the right to reliable information from a variety of sources and governments should encourage the media to provide information that children can understand. Governments must help protect children from materials that could harm them.

Article 19, Protection from violence, abuse and neglect - Governments must do all they can to ensure that children are protected from all forms of violence, abuse, neglect and bad treatment by their parents or anyone else who looks after them.

Article 34, Sexual exploitation - Governments must protect children from forms of sexual abuse and exploitation.

## Keep Yourself Informed

Here are some links that may help you support your child with Cyber Bullying and Internet Safety (CRIS)...

This month we have worked in our Pupil Leadership Groups on a Friday afternoon. The Rights Respecting Schools Group have been busy making the Milngavie School Charters accessible and easier to understand for the ELC and infant department. They worked collaboratively to act out and capture still frames of elements of the charters.

During lunchtime club the RRS ambassadors have been busy planning and creating an assembly to deliver in June. They aim to share their work from across the year and to introduce some new initiatives to take forward in the new session.
